
Course Rollover in Bulk via Course Loader

[Click to play](#)

Duration	3 min.
Description	Leganto course rollover enables an institution to use existing courses and their associated reading lists for the next semester or academic year. During the rollover, existing readings lists are copied and become the new reading lists that are assigned to the new courses. This session provides an overview of the bulk course rollover.
Target Audience	Leganto administrators
Prerequisites	None
Attachments	Handout
