
Configuring Physical Items (6 min.)

[Click to play](#)

如果您是在中国大陆，请访问[此链接](#)以便获取更好的体验。(Link for mainland China)

Duration	6:20 min.
Description	catalogers generate item descriptions for physical items, usually serials and subscription monographs. In this session you will learn how to configure a template rule that is used to generate and format the item description, how to update item descriptions in bulk using a job, and how to sort items by description, using sort routines.
Target Audience	Repository Administrators Catalog Administrators General Administrators
