

## Aleph 24 MFT patch

- **Product:** Aleph
  - **Product Version:** 24
  - **Relevant for Installation Type:** Local
- 

### Description

The distribution of Service Pack has moved to MFT (Managed File Transfer). Ex Libris MFT provides a secure and reliable file transfer infrastructure to support the different Ex Libris products.

In Aleph 24.0.1 - the util SP is updated to use the Ex Libris MFT servers with SFTP with a new aleph 24 user.

Please note that these updates are included in the Aleph Service Packs, as Mandatory AIN.

\* Aleph 24 - SP 24.0.1. - rep\_change #0010

### Resolution

You can use the attached "aleph24\_mft\_sp\_patch.tar" to implement the new MFT mechanism.

Usage:

- Download the 'aleph24\_mft\_sp\_patch.tar.gz' file to Aleph 24 server (you can use your \$HOME directory).

- Extract by:

```
tar xvfz aleph24_mft_sp_patch.tar.gz
```

- Run the installation script:

```
source aleph24_mft_patch_install.csh
```

or by:

```
csh -f aleph24_mft_patch_install.csh
```

### Additional Information

**Note:** port 10022 needs to be open for outgoing access to the Ex Libris MFT servers in order to enable the new mechanism.

## Attachment

Use [aleph24\\_mft\\_sp\\_patch.tar.gz](#) for installation from MFT server.
