The monthly production release is automatically pushed for the Library Mobile Web App and Web View, App Manager, Cloud Services, Oracle Business intelligence, and Native Apps.

Release Timeline

The Library Mobile solution is updated monthly. Updates include enhancements or issue fixes in one or more of the product components: App Manager, Native apps, Web Portal, and Web Services.

To minimize disruption for Library Mobile users, the release is timed to occur outside of business hours for each region during the general Ex Libris maintenance window (Ex Libris maintenance window is Saturday 20:00 till Sunday 06:00, Datacenter Time). The release is performed seamlessly, with no planned downtime or degradation to the service, and takes approximately two hours to complete. The release window for each region is:

| Region | Instance | Release Window |
|----------------------|---------------------|---|
| North America | Library Mobile NA01 | <ul style="list-style-type: none"> Central Time, CT 04:00 AM to 06:00 AM UTC 07:00 AM to 09:00 AM |

| Region | Instance | Release Window |
|-------------|---------------------|--|
| APAC | Library Mobile AP01 | <ul style="list-style-type: none"> • Australian Central Time 02:30 AM to 04:30 AM • UTC (Previous Day) 17:00 PM to (Previous Day) 19:00 PM |
| EMEA | Library Mobile EU01 | <ul style="list-style-type: none"> • BST (Previous Day) 23:00 PM to 01:00 AM • UTC (Previous Day) 22:00 PM to 00:00 AM |

To receive email notifications for each of the monthly releases, subscribe to the [Ex Libris Status Page](#) by selecting your Library Mobile instance. Emails are sent when the release work has started and completed. The status page will also be updated with the monthly release status information.

The monthly release is provided for the Library Mobile SaaS components and institutions are still required to request Native App releases through Salesforce.
