
What options should be available to users in the Analytics Menu?

- **Product:** Alma
-

Question

What options should be available to users in the Analytics Menu?

Answer

The options available in the Analytics Menu will depend on which role(s) are assigned to a user. All users - regardless of roles - should see the Search Bar.

Role: Analytics Consumer:

Shared With Me
Out of the Box Analytics

Role: Analytics Administrator:

Analytics Object List
Shared With Me
Out of the Box Analytics

Role: Design Analytics:

Shared With Me
Access Analytics
Access Data Visualization
Access Analytics (Primo)
Access Data Visualization (Primo)
Out of the Box Analytics

Role: Analytics Administrator and Design Analytics:

Analytics Object List
Shared With Me
Access Analytics

Access Data Visualization
Access Analytics (Primo)
Access Data Visualization (Primo)
Out of the Box Analytics

Role: General Systems Administrator:

Analytics Object List
Shared With Me
Out of the Box Analytics
