## AM Explorer activation

AM provides packages of their products under the AM Explorer subscription plans. As these are packages of individual AM products, each with their own linking configurations and customizations, we cannot support a “single activation” of an AM Explorer subscription.

To make activating your AM Explorer subscription as simple as possible, we have documented the list of applicable AM collections for each available AM Explorer subscription plan, along with the corresponding names and collection identifiers in each of the Ex Libris knowledgebases (Alma, 360 KB, and SFX). Note that while the article titles reference "Alma", the spreadsheet contains the collection name and identifiers for all Ex Libris knowledgebases (Alma, 360 KB, and SFX):

Click on your AM Explorer plan below to see the collection information:

- [AM Explorer Arts and Humanities](#)
- [AM Explorer Global Humanities](#)
- [AM Explorer Humanities Essentials](#)
- [AM Explorer Liberal Arts](#)

Please contact AM if you need help identifying your AM Explorer plan: <https://www.amdigital.co.uk/contact/support>
