

Integrating the WorldCat Search API V2 in Primo VE

Question

How to configure the WorldCat Search API V2 in Primo VE

Answer

- a. Customers must contact OCLC and fill out the OCLC “Mutual Customer Access Authorization Form” returned to OCLC - This form can be provided by OCLC Customer Service.
- b. WorldCat Registry ID – This can be provided by OCLC.
- c. Now, you can proceed and define the Third-Party Index Scope with the provided Registry ID value as described in [Configuring Search Profiles for Primo VE](#) under section **WorldCat V2**
