
Attendance Data Extraction

[Click to play](#)

Duration: 05:34 min.

Description	In this session, we'll explore three methods for extracting and viewing Attendance Data: On the App Manager via Export Attendance, on the campusM app via the Transaction Viewer, and on your own systems via the campusM API.	Attachments Handout
Target Audience	New and existing customers with responsibility for managing/maintaining their campusM instance.	
Prerequisites	None
