

Rosetta SP 8.3 third-party upgrade available - latest Tomcat version

- **Product:** Rosetta
 - **Product Version:** 8.3
-

Description

Customers who installed **Rosetta Service Pack 8.3** before **September 15th 2025** are advised to **rerun the thirdparty upgrade** on all servers to install latest Apache Tomcat version.

- stop Rosetta application on all server using *dps_stop*
- rerun thirdparty upgrade using *util sp > 3*
- start Rosetta application using *dps_start*

Reason

Thirdparty upgrade will install latest certified Tomcat version 9.0.108 which fixes issues discovered in previous Tomcat version (9.0.106).
