
Deep Links

[Click to play](#)

Duration: 02:45 min

Description	campusM deep links allow you to link from outside the app into a service or area within the app. For example, you could send an email with a link to a Quick Poll inside the app; or place a QR code at the campus entrance on open day with the location of the relevant lecture hall.	Attachments Handout
Target Audience	University staff who work with campusM.	
Prerequisites	None
