
How to display Aleph Summary Holdings in the SFX menu

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

According to the Aleph_Plugin_information document, page 4, the Summary Holdings are displayed in the SFX menu when Summary holdings fields 852 and 866 exist in the "present" X-service in Aleph.

Resolution:

See attached on how to display 852/866 in BIB record and display in the "present" request and in the SFXmenu.

Additional Information

sfx, summary holdings,
