Question

What are the technical requirements for server's running Voyager ILL 6.7

Answer

The requirements for the Voyager ILL server are dependent on the maximum number of clients the server must be able to support:

* For five or fewer ILL clients: Microsoft Windows 7, Vista(Business or Enterprise), XP, 2000 or Windows Server 2003 or later.

(For five or fewer clients the ILL server and clients by reside on the same system)

* For 6 or more clients: Windows Server 2003 or later

Microsoft Access 2003, 2007, or 2010 must be installed on the server
