- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 16,17,18,19,20,21,22,23, 24

Description:

What versions of ARC are supported with what versions of Aleph?

Resolution:

Aleph versions v.16, v.17, v.18 and v.19 all support both ARC 1.1 and ARC 2.0.

Aleph 20 - ARC 2.0 and ARC 2.0 (enhanced, using Cognos 8.4.1)

Aleph 21 - ARC 3.0

Aleph 22 - ARC 4.0

Aleph 23 - ARC 4.0 and ARC 4.5 (see also Additional Information)

Aleph 24 - ARC 4.5

Additional Information

The difference between ARC 4.0 and ARC 4.5 is the Oracle Database. ARC 4.5 comes with Oracle 12c while ARC 4.0 is using Oracle 11.2.0.4

The functionality is identical.
