## Display of Bib Records in OPAC and GUI

- **Article Type:** Q&A
  - **Product:** Aleph
  - **Product Version:** 20
  - **Relevant for Installation Type:** Dedicated-Direct; Direct; Local; Total Care
- 

### Question

How to define the format the bibliographic records will be displayed in in the Web OPAC and in the GUI search tab, as well as which fields and subfields will display?

### Answer

Please see attached document for full explanation (includes edit\_doc.lng; pc\_tab\_sear.lng; edit\_paragraph.lng; edit\_doc\_999.lng, aka edit\_doc.eng; pc\_tab\_sear.eng; edit\_paragraph.eng; edit\_doc\_999.eng).

The document is for older versions but the information is still valid.
