

## EDI Order Responses - how to load?

- **Article Type:** Q&A
  - **Product:** Alma
  - **Relevant for Installation Type:** Dedicated-Direct; Direct; Local; Total Care
- 

### Question

How can EDI Order Response reports be loaded to Alma?

"Order Responses: Order Reports" files contain status information about orders.

---

### Answer

The vendor will place the ORDRSP EDI messages on their FTP server in the same directory of the EDI **invoices**.

Both types of EDI messages would be loaded by the scheduled "Load EDI invoices" job for the vendor.

### Additional Information

More information exists in the online help about Electronic Data Interchange (EDI) in Alma: [#ww1085163](https://knowledge.exlibrisgroup.com/...EDI)
