

Created new location, not available in Circulation Policy

- **Product:** Voyager
 - **Product Version:** All
 - **Relevant for Installation Type:** Total Care; Dedicated-Direct; Direct; Local
-

Problem Symptoms

- Created a new location in System Administration > System > Locations
- Not available when try to add to Circulation Policy Definition

Cause

Location has not been added to operator's Master Profile

Resolution

1. Add new location to Master Profile your operator belongs to in System Administration > Security > Master Profiles.
2. Save.
3. Location appears in Available column in Circulation > Policy Definitions > [policy] > Locations.

Additional Information

See [Add a New Location to Voyager](#) which is a checklist for adding new locations in Voyager.
