

## File transfer through SSH/SFTP

- **Article Type:** General
  - **Product:** MetaLib
  - **Product Version:** 3
- 

### Description:

Using sftp with the metalib user does not work and we get an error message. How can we fix this?

### Resolution:

Modify the `./exlibris/metalib/.cshrc` script as follows:

```
if (! $?prompt ) then
goto exit
endif
```

---

## Additional Information

sftp
