## Encryption of user id and password in SIP2

- **Article Type:** Q&A
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Question

Does Aleph SIP2 server support encryption of user id and/or password in SIP2 message 93 (Login)?

### Answer

Aleph SIP2 server does currently not support fields UID algorithm and PWD algorithm in message 93 - therefore encryption of user id and/or password is not possible.

### Additional Information

Aleph also does not support SSL communication to SIP2 server.
