Symptoms

Able to place Media Equipment Booking in WebVoyage without selecting any equipment

Defect Status

Issue 16384-12625 is resolved for Voyager 8.1.0 and higher.

Replication Steps

1. In WebVoyage, bring up the Media Equipment Booking form
2. Don't select anything in the Select Equipment box
3. Supply a valid start/end time/date for your booking
4. Select a Pickup At or Deliver To room that has no associated equipment
5. Click Check Schedule and, if available, click Place Booking

Result: Request will succeed; in resulting Confirmation screen, no equipment is associated with request.

Other information: In the Media Scheduling client, you can make a booking that has no associated Media or Equipment, but you're given a warning message first.
