

Cleanup utility

- **Article Type:** General
 - **Product:** Verde
 - **Product Version:** 2
-

Description:

When using the cleanup utility (Util-c), there are the following issues:

1. util-c-1 (“Deletion of temporary files”) doesn’t run if the directory name is in uppercase. When entering a path with lower cases the process ran successfully.
2. util-c-2 (“Deletion of old tasks output”) doesn’t function.
3. util-c-3 (“Truncate Oracle Text errors”) works properly.

w/a: Manual deletion of forSync.
