- **Product:** Voyager
  - **Product Version:** 8.1.0
- 

### Symptoms

No indication that a mfhd is suppressed in the Holdings Index.

### Defect Status

VYG-4660 is resolved in Voyager 9.0.0 and higher.

### Replication steps

1. In Cataloging > Options > Preferences > Colors/Fonts, choose a color for Suppressed records.
  2. Find a suppressed mfhd, or suppress a mfhd.
  3. Click Search > Keyword > Holdings Boolean.
  4. Search for a term from the mfhd you suppressed.
  5. Review the resulting Holdings Index. Note that the suppressed mfhd does not show in the list in the color you selected in step 1.
