
Library name diacritics display incorrectly in WebVoyage

- **Article Type:** General
 - **Product:** Voyager
 - **Product Version:** 7.2.1
-

Problem Symptoms:

* Owning Library display name with diacritics displays incorrectly in WebVoyage

Cause:

This behavior is the result of Known Issue 18419.

Resolution:

Issue 18419 is fixed in Voyager 8.2.1.

Additional Information

Replication steps:

1. Set library name with diacritics in System Administration > System > Owning Libraries > Display Name
2. Set Library as one of Search Results field for an OPAC-searchable index in System Administration > Search.
3. Search using index in step 2 in WebVoyage.
4. Note display of library name.
