## CS: Notice fails if patron e-mail address includes apostrophe

- **Article Type:** General
  - **Product:** Voyager
  - **Product Version:** 8.1.0
- 

### Problem Symptoms:

? Call Slip fails to send e-mail notification to patron if patron's e-mail address includes an apostrophe

? Receive error message: "Email failed for patron at: firstname.o'[lastname@school.edu](#)"

### Cause:

This behavior is caused by Issue 16384-20802.

### Resolution:

Fixed in Voyager 8.2.2.

---

## Additional Information

### Replication steps:

1. In Circulation, create a patron record; include an e-mail address that has an apostrophe.
2. In Circulation, place a call slip request for that patron.
3. In Call Slip, process the call slip request.
4. Receive error message: "Email failed for patron at: firstname.o'[lastname@school.edu](#)"

Workaround: None
