

## Overcommit/ expend blocks show incorrect values

- **Article Type:** General
  - **Product:** Voyager
  - **Product Version:** 9.1
- 

### Symptoms

Block messages for overcommit/ expend show incorrect information.

### Defect Status

Issue VYG-4495 is resolved for Voyager 9.1.0 and higher.

### Replication steps

1. Acquisitions > Ledgers and Funds > Create ledger with allocated fund.
2. Add \$1000 to fund.
3. Purchase Orders > Create a purchase order (PO) with line item that has a price of \$2000.
4. Click Approve.
5. Block message opens: 'Overcommitment limit reached. Ledger/fund name - % needed to override: 201d Allocation increase: \$0.00'

"Allocation increase" should show \$1000.00 and "% needed to override" 200 in this case, and "201d" should show "201%"
