
Overdue notices are not created

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

For sending overdue letters the following definition was added to ./xxx50/tab/tab32, but the letters are not created.

!* Overdue schedule for laptop loans

```
##### 17 ## 00 001 000 0 9014  
##### 17 ## 01 001 000 0 9014  
##### 17 ## 02 001 000 0 9014  
##### 17 ## 03 001 000 0 9014  
##### 17 ## 04 001 000 0 9014  
##### 17 ## 05 001 000 0 9014  
##### 17 ## 06 001 000 0 9014
```

Cause:

Configuration

Resolution:

Change col. 7 of ./xxx50/tab/tab32 to hold 'O' (capital letter o) instead of '0' (zero).

Additional Information

According to table header of tab32 the following definitions are allowed for col. 7

```
! COL 7. 1; ALPHA {O,L}, UPPER; ;  
! Action;  
! Action:  
! O - overdue letter, can incur overdue letter charge, using  
! column 8 and tab18  
! L - lost item letter, can incur lost charges, using  
! lines 0040,0041,0042,0054 and 0055 in tab18, and tab34. The  
! lines referring to tab18 do not have to be defined in column  
! 8, they are automatically assumed.;
```
