
SDI emailed search URLs improperly formatted date limits

- **Article Type:** General
 - **Product:** Voyager
 - **Product Version:** 7.2.5
-

Problem Symptoms:

- * URL included in SDI advanced search emails contain incomplete date limit
- * Clicking URL runs search without date limit.

Cause:

This behavior is the result of VYG-5228.

Resolution:

Issue VYG-5228 is resolved for Voyager 9.1.1 and higher.

Additional Information

Replication steps:

1. In webvoyage.properties, set option.SDI=Y
2. Log in to a patron account that has an accessible email address in Webvoyage
3. Create an advanced search using a date limit range (e.g. Architecture 2008-2013)
4. Save the search
5. In the My Searches tab set the alert frequency to Daily.
6. In /m1/voyager/xxxdb/sbin run Popacjob -j2
7. Check the email address of the patron and follow the link to the search.

Workaround: Patron must manually reenter date limits
