

## Error message when using DirectLink

- **Article Type:** General
  - **Product:** SFX
  - **Product Version:** 4
- 

### Problem Symptoms:

Error message appears instead of SFX menu or vendor site when DirectLink is active

### Cause:

Debugging in SFX Menu Screen is active

### Resolution:

1. In the SFX Admin, click the Debugging menu
2. Deactivate Debugging in the SFX menu screen

**Category:** Customizing SFX menu (SFX)

**Subject:** SFX
