

## SearchService returns ISBN in ISSN field

- **Article Type:** General
  - **Product:** Voyager
  - **Product Version:** 8.1.1
- 

### Problem Symptoms:

- \* When making a call to SearchService, the ISBN is returned in the ISSN field and ISBN field is blank
- \* Breaks current version of Related Items Bookshelf (customer-created script)
- \* xml returned by vxws is  
<search:isbn xsi:nil="true"/>  
<search:issn>1416541632</search:issn>

### Cause:

Known Issue 16384-19073 : vxws:missing ISBN and ISSN in web service "SearchService"

### Resolution:

Fixed in 8.2.0.

### Category: Opac
