

ARC: Data for zero is represented as text

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 2
-

Problem Symptoms:

* Query studio: insert data - Acquisition Budgets / Budget / Measure / Local Sum, the data for zero is represented as text and displays for example as -7.1975359E-13. We have to format the data as numbers to correct the display

Cause:

The option 'Advanced option / Automatically summarize detail values, suppressing duplicates' is activated

Resolution:

* Turn off 'Advanced option / Automatically summarize detail values, suppressing duplicates' - then '0' (zero) is correctly displayed

Category: Reports (ARC)
