
duplicate CNO fields in OPAC

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

Course reading in OPAC: The content of all CNO fields (course name, instructor etc.) is duplicated. This applies to the list of results and to the full view.

Cause:

Duplicate expands in tab_expand

Resolution:

Remove the expand_doc_course lines from the WEB-BRIEF, WEB-FULL and WEB-FULL-1 sections. Example:

WEB-BRIEF expand_doc_merge_union_crs ACTIVE

WEB-BRIEF expand_doc_course

must be corrected to

WEB-BRIEF expand_doc_merge_union_crs ACTIVE

Category: Course reading (500)
