

## Cataloging edits not showing up in Primo Course Reserves

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Problem Symptoms:

\*Edits to a record connected to a class in course reserves show up in the OPAC, but not in the course reserve GUI interface or Primo

### Cause:

Course doc record lacks CNO field.

### Resolution:

Add a CNO field, and then a (new) z00p will be created which will be sent to Primo.

**Category:** Course reading (500)
