

Loaders are erasing CAT fields

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

After loading BIB records, Cataloger's history (CAT fields) are erased from the record.

Cause:

CAT field was missing in `./xxx01/tab/tab_merge_overlay` table setting

Resolution:

1. In `./xxx01/tab/tab_merge_overlay`, include the following line in the section used by the loader's Merge Routine:

```
01 2 Y CAT
```

2. Restart the PC Server (util w/3/3)
