
Library Address missing from ACQ-ORDER-CLAIM-01-08 Letter

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

acq-order-claim is listed in the `./xxx50/tab/form_sub_library_address`, but the library address doesn't appear on the claim letter.

Cause:

The `./xxx50/tab/form_sub_library_address`, column 2, has "3" for all the acq-nnnn forms -- but there are no address type 3 lines in the `$alephe_tab/tab_sub_library_address.lng`.

The xxx50 form_sub_library_address header states:

! The Address Type in column 2 is matched against the
! address type in column 2 of the tab_sub_library_address
! table. If no match is found, address type "1" acts as default.

Resolution:

Solution 1: Change column 2 for the form_sub_library_address acq-xxxx lines from "3" to "2"

Solution 2. Add an entry such as the following to tab_sub_library_address.lng:

```
!  
!* TYPE 3 FOR ACQUISITIONS ORDERS & CLAIMS  
!  
##### 3 BILL AND SHIP TO:  
Acquisitions Dept.  
ABC University Library  
1234 xyz St.  
Smallville, IL 12345  
FAX:815-123-4567 EMAIL:acqord.library@abc.edu
```
