

Circulation calendar exception dates not observed

- **Product:** Voyager
 - **Product Version:** All
-

Problem Symptoms

Circ calendar has exception dates and items are given due date on exception date

Cause

"Count Closed Days/Hours/Minutes For Loans" is checked in the Circulation Policy Definition.

Resolution

"Count Closed Days/Hours/Minutes For Loans" allows items to be due on closed days on calendar. If you do not want items to be due on closed days:

1. Go into SysAdmin > Circulation > Policy Definitions > [select definition] > Edit > Policies
2. Uncheck the box for "Count Closed Days/Hours/Minutes For Loans"

OR

Manually edit due dates in Circulation when loan dates calculate to Closed day on calendar.

Additional Information

[Voyager System Administration User's Guide](#), "Circulation Configuration"
