

Order of services in SFX menu

- **Article Type:** General
 - **Product:** SFX
 - **Product Version:** 4
-

Problem Symptoms:

Advanced menu templates in use

Interlibrary Loan target service appears below Other Services

In `services_public_name_config_`, Interlibrary Loan service is listed above Other Services

Cause:

`getDocumentDelivery` service is not included in list of basic services, while `getCitedJournal` ("Other Services") is

Resolution:

1. As the local instance UNIX user, type: `cn`
 2. Open `basic_grouping.config_` with a file editor
 3. Add `getDocumentDelivery` in the order in which it should display in the menu
 4. Save the file; the change will take effect immediately
