
manage-91: ORA-01452: cannot CREATE UNIQUE INDEX; duplicate keys found

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 20

Problem Symptoms:

* "Error found in log file: ORA-01452: cannot CREATE UNIQUE INDEX; duplicate keys found"-message (while creating index Z91_ID) in log file of service Update Full Text Index (manage-91)

Cause:

ue_01_z0102 was running in parallel to manage-91 and has updated the same records

Resolution:

Solution

1. Stop all ue_01 processes using util e/2
2. Check with util c/1 (Check Library Running Process) if all processes are stopped. This may take a few minutes.
3. Rerun service "Update Full Text Index (manage-91)" to rebuild Z91
