
print-03 too slow (3,600 records per hour)

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
-

Problem Symptoms:

Log of print-03 job ("Download Machine-Readable Records") shows that the job would take 30 days (2,600,000 seconds / 60 seconds / 60 minutes / 24 hours) to output a 2.6-million-record bib file.

Cause:

Misreading of print-03 log.

Resolution:

The "READING DOC" times in the log are not for one record: they are for 1,000 records.

Additional Information

Example: 1002 READING DOC 000001001 AT 16:44:51 2003 READING DOC 000002002 AT 16:44:52 3004 READING DOC 000003003 AT 16:44:53

Category: Cataloging (500)

Subject: Importing records (500)
