
file-03 doesn't process z00p and z00r

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

When file-03 ("Export Database Tables") is run with "All" as the Table to Export, the z00p and z00r tables are not included in the exported file.

Cause:

Because of problems with the z00p and z00r tables the \$aleph_proc/p_file_03_1 procedure was changed, with version 20 rep_change 002541, to omit them.

Resolution:

Use the alternatives to p_file_03 described in KB 16384-56963 ("How to export Oracle tables for particular library")
