

## In Serials Check-In maintenance, Save and Delete buttons missing

- **Product:** Voyager
  - **Product Version:** 8.1.1
- 

### Problem Symptoms

- In Serials Check-In > Check-In Title search > [select title], when Maintenance button is clicked, Save and Delete buttons briefly flash on screen, then disappear
- Subscription component cannot be saved or deleted

### Cause

Title's holdings location is not in Acquisitions policy definition

### Resolution

1. Go to SysAdmin > Acquisitions > Policy Definitions > [choose policy] > Locations tab
  2. Move location from Available to Selected column
