## List of downlinked records not displayed

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Problem Symptoms:

In the Opac the list of downlinked records is not displayed but only a blank screen

### Cause:

Configuration

### Resolution:

The list of downlinked records is displayed what you can see when you scroll the screen down. But in the middle is a blank box causes by an entry in the CSS file:

```
#middlebar {  
margin: 0 0 0 250px;  
height: 100%;  
background: url(/icon_ger/fake_middlebar_border.png) repeat-x left 24px #cbd0e6;
```

Parameter height should not be 100% but less than 100%.
