
p-file-08 jobs putting 500 fields in the wrong place

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

Fields 500 are added using a routine by fix_doc_do_file_08 but they appear anywhere in the record

Cause:

Configuration

Resolution:

Add command "Sort-fields" at the end of each iteration where a 500 field was added. This sorts the field in the applied order

Category: Cataloging (500)

Subject: Importing records (500)
