
Max Over Expenditures Included In Budgets Without Expenditures

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
-

Problem Symptoms:

- (1) Inability to enter invoice line items for some budgets
- (2) When entering expenditures, the following error message displays: "Max. over expenditure in budget NNNNNN"

Cause:

The tab100 parameter OVER-EXP-INCLUDE-ENC is set to a value of 'Y' in tab100

Resolution:

Change tab100 parameter OVER-EXP-INCLUDE-ENC to 'N'

Additional Information

When changing OVER-EXP-INCLUDE-ENC to 'N', over expenditures will be tested against expenditures, rather than against expenditures and encumbrances.

Category: Acquisitions (500)

Subject: Budgets (500)
