
Including a hyphen surrounded by spaces in search

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

- Titles can not be found in word index when they have hyphen, space, hyphen (e.g. wti="Management science - theory").

Cause:

Hyphens are not handled in sections 90 / 97 of tab_word_breaking

Resolution:

1. In ./xxx01/tab/tab_word_breaking add - to sections 90 and 97 for procedure to_blank_2

Additional Information

Example Old: 90 # to_blank_2 ,,:- 97 # to_blank_2 ,,:- New: 90 # to_blank_2 ,,: 97 # to_blank_2 ,,:; 2. Restart Aleph processes
