
CIRC: Items with hold requests allowed to circulate to other patrons

- **Article Type:** General
 - **Product:** Voyager
 - **Product Version:** 8.2.2
-

Problem Symptoms:

?€ç Place Library Administrative or patron hold on an item on-shelf

?€ç Different patron is allowed to charge item without any indication item has an active hold request.

Cause:

This is working as designed.

Resolution:

This behavior is by design - hold notification is displayed on discharge only. An enhancement that allows a message to also display on charge will be included in a future release.
