## Not possible to add an additional Z303\_GENDER (Indeterminate) to patron

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 21
- 

### Problem Symptoms:

Our Student Record system has implemented an additional gender of Indeterminate

\*./xxx50/tab/pc\_tab\_exp\_field.eng

PATRON-GENDER L Male M

PATRON-GENDER L Female F

PATRON-GENDER L Indeterminate I

The X-server still fails to load the data for a record with this gender type

### Cause:

Program is checking for gender = F and M

### Resolution:

Problem will be solved with rep\_change #002524

---

## Additional Information

rep\_change #002524 Description: CIRC, Global Patron Information - it was possible to set only "F" or "M" for the patron gender parameter. Solution: This has been corrected. Now it is possible to set other values.

**Category:** Circulation/ALEPH

**Subject:** Patrons - ALEPH
