

## Patron Additional ID 2 is blank in ARC

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 2
- 

### Problem Symptoms:

Field patron\_additional\_id\_2 is blank in ARC

### Cause:

Wrong configuration in ./xxx50/prof\_library parameter patron\_additional\_id\_2

### Resolution:

\* Configure ./xxx50/prof\_library to match the patron setup

```
setenv patron_additional_id_1 "02"
```

```
setenv patron_additional_id_2 "03"
```

Please choose the correct key-type number to correspond to your setup

\* The change will be effective after the next ETL.

---

## Additional Information

Please see also document "Aleph Configuration for ARC" chapter 2.1.5 patron\_additional\_id variable set up
