## elib-67 did not finish, xxx10 locked

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 20

---

### Problem Symptoms:

\* Authorities batch import (elib-67) did not finish after the setup of the authority database was changed.

### \$LOGDIR

```
-rw-r--r-- 1 0 Nov 7 07:00 xxx10_p_elib_67.01135.lock  
-rw-r--r-- 1 10393968 Nov 9 10:36 xxx10_p_elib_67.01135
```

A file xxx10\_p\_elib\_67.<pid>.lock remains in the system

\* The log file xxx10\_p\_elib\_67.01135 contains the message:

Records left in z07: 4827

### Cause:

\* ue\_11 is set to 'DOWN' in util w/5 (System Status).

### Resolution:

\* set the ue\_11 process to 'UP' in util w/5

\* kill the processes elib-67

\* rerun elib-67
