
Service Booking Reminder (cir-33) not generating notices for advanced bookings

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Problem Symptoms:

Service (cir-33) produces reports and letters for bookings, but not advanced bookings

Cause:

Missing documentation

Resolution:

This service was not designed to include "Advance Booking" items in the printed letters.

The information about the service cir-33 has been corrected in the service help file - V. 21 rep_change #000184 .

This service was not designed to include "Advance Booking" items in the printed letters.

The information about the service p-cir-33 has been corrected in the service help file - V. 21 rep_change #000184 .

You can use the service "Advance Booking Schedule Report" (p-cir-09).
