## Bind Alert Report (bind-01)" reports too much items

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 21
- 

### Problem Symptoms:

Discard "Bind Alert Report (bind-01)" service produces odd results. After running the service too much items are reported.

### Cause:

Workflow

### Resolution:

For the "wrong" reported items field Z30\_ENUMERATION\_A field is missing in the item record. This causes the system to sort the Z30 buffers incorrectly.

?

Please assign values to this field for the according items and run the "Bind Alert Report (bind-01)" again.
