

## Missing Pickup Location in OPAC

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 21
- 

### Problem Symptoms:

The drop-down box for the pickup location for requests is not getting populated, so no requests can be placed.

### Cause:

Configuration

### Resolution:

The problem was fixed by changing the following variable in \$alephe\_root/www\_f\_lng/item-hold-request-head:

from

doc\_number

to

adm\_doc\_number

**Category:** Web OPAC - ALEPH
